From project to shared succes

Get started for free

15-day trial period, no credit card or commitment required

50%

blockages are external to your organization

Did you know that the bottlenecks and tensions in video production are both internal and external?

So it's vital to have an organizational solution that takes into account both internal teams and **external collaborators.**

SKEEM IS THE ONLY VIDEO
ORGANIZATION PLATFORM

that combines
Project
management
and
provider-
customer
relationship

- An **ultra-simple** tool for sharing projects and collaborating on creative content
- **Agile** planning to organize time and resources
- An **ultra-visual** online platform to help everyone understand each other, project themselves and get involved.

Who we are ?

At the heart of audiovisual production for 20 years with an agency, we experience at first hand the day-to-day challenges faced by all those involved in audiovisual production, both creatives and customers.

One day, convinced that the ideal solution didn't yet exist, we set about creating it...

Thanks to our organizational and relational features, we build a bubble of serenity and trust that allows us to dare to be creative and innovative.

That's the Skeem spirit!

We'd love to have you **on board!**
